**DIVERSIFIED CEO PRESENTS MOUNT UNION COLLEGE WITH TROPHY AND CHECK IN HONOR OF 2008 MELBERGER AWARD WINNER NATE KMIC**

SCRANTON, Pa.–16 April, 2009–Diversified Information Technologies, a leading provider of automated information-management solutions, headquartered in Scranton, Pa., with 18 U.S. and three international locations, presented Mount Union College (Alliance, Ohio) with a trophy and \$2,500 check for the school's general scholarship fund in honor of student Nate Kmic, winner of the 2008 Melberger Award, on April 4 at the school's end-of-year sports award banquet.

Presenting the award and check was Scott Byers, president and CEO of Diversified. "What was most impressive about the Mount Union College football program is their commitment to "team first". It was very evident that there was accountability to each other and to the team. The Melberger award was given to Nate Kmic for his individual achievement during the past season but this clearly was a team effort."

Kmic also received a trophy and plaque commemorating the award.

The Melberger Award is presented annually by Diversified in honor of its founder and chairman, Clifford K. Melberger, captain of the 1960 Bucknell University Lambert cup-winning football team. The award is given to the top player in NCAA Division III football.

In 2008, Kmic capped his college football career with one of the best seasons ever for a running back, becoming college football's all-time leading rusher with 8,074 total yards (2,790 yards/44 touchdowns in 2008) as he led Mount Union College to their 10<sup>th</sup> NCAA Division III national championship.
